## What allows you to use my personal data?

As a Data Controller, the school must have a 'lawful basis' for **processing personal data**.

This basis will depend on our reason for collecting and using the data, but to help you understand what basis they may be, we have set out how we use some personal data along with the relevant lawful basis in the table below.

<b>Legal Basis</b>	<b>When</b>	<b>What allows us</b>
<b>Public Task</b>	When we collect and use personal data in order to fulfil part of our function as a school, for example when we are required to use information under the Education Act 2002 as part of our official authority as a school.	Official Authority or Public Task is covered by article 6(1)(e) of the UKUKGDPR.
<b>Legal Obligation</b>	For example, where we need to comply with health and safety laws.	Legal obligation is covered by article 6(1)(c) of the UKUKGDPR.
<b>Contract</b>	To enter into a <b>contract</b> with you and to meet our obligations under that contract.  For example, where we need to process your data in order to provide a specific service which we do under contract, this could be the hiring of musical instruments for an arranged period.	Contract is covered by article 6(1)(b) of the UKUKGDPR.
<b>Legitimate Interest</b>	In other cases, the school has a <b>legitimate interest</b> in processing personal data during an individual's relationship with the school, this could be the monitoring of access to the School's computer network.	Legitimate interest is covered by article 6(1)(f) of the UKUKGDPR.
<b>Consent</b>	There will be some cases where you give us permission to use your information and this will only be used under <b>consent</b> – such as the use of pupil photographs.  Where we use consent we will ensure it is appropriate and that you have the right to refuse or withdraw consent at any time and that any decision you make to consent is a free one.	Consent is covered by article 6(1)(1) of the UKUKGDPR.

Where the information we process is considered to be '**special category data**' such as health data, we do so under one of the conditions of Article 9 of the UKGDPR. These are:

Article 9 (2)(a) - Where you have given explicit consent for this information to be used.

Article 9 (2)(b) - Where the information is required for us to fulfil our employment obligations

Article 9 (2)(d) - Where it is a legitimate activity, such as monitoring access to our ICT network

Article 9 (2)(f) - Where it would be required to establish, exercise or pursue a legal claim

Article 9 (2)(g) - Where we have identified a substantial public interest, such as the safeguarding of children

Article 9 (2)(h) – Where it is required for reasons of occupational health purposes

Details as to what allows us to process special category data in line with the Data Protection Act 2018 can be found in our Appropriate Policy Document on our website.

### DfE Data collection requirements:

To find out more about the data collection requirements placed on us by the DfE (for example, via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

### The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013. To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

### **Where do you store my personal data, is it secure?**

Your personal data is stored in a variety of systems – both electronic and paper – held by the school or by a contracted **Data Processor**. Where information is held in electronic format we ensure appropriate security is in place. Where data is held in 'the cloud' we ensure we only use organisations with servers in the EEA/UK. Where information is held in files and documents, we ensure that cabinets, drawers and doors are kept locked when not in use.

We ensure that all **personal data** held by us is handled correctly and appropriately according to the nature of the information, the risk associated with mishandling the data, including the damage that could be caused to an individual as a result of loss, corruption and/or accidental disclosure of any such data, and in accordance with any applicable legal requirements. Should you have any concerns as to how data is handled you can contact the School DPO using the details at the end of this form.

### **How long will you store my personal data for?**

We only store **personal data** for as long as we are required to and in line with our Data Retention Policy, but as a general guide:

- We hold pupil data while pupils remain at this school, after which their file and associated data is transferred to their next school. All data will be deleted from our MIS after two years.
- We are required to keep employment details for a specified period and, in line with the school's retention schedule, this is 6 years from the year staff cease employment with the school. After this time, information we hold will be deleted from systems and paper files securely disposed of.
- CCTV recordings are kept for 30 days and then automatically deleted unless they have been identified as being needed for a specific purpose, for example to investigate an alleged crime.
- Data is held by our **data processors**, for example online suppliers, for as long as we are contracted to use their service.
- Information recorded on our /electronic sign in system is kept in line with our retention schedule and is retained for twelve months. After this date, the information is destroyed/deleted.

### **What rights do I have over how you use my data?**

Data Subjects have a number of rights relating to their **personal data** which can be enforced against the **Controller**. These rights can be dependent on our legal basis for processing data so not all are absolute.

- **Right to be informed:** You have the right to be told what Personal Data the school collects and stores about you and how it's used.
- **Right of Access:** You have a right to ask for a copy of any personal information that we hold about you, or your child. This is your most important right and always applies, although there may be reasons why we cannot provide all of the information you request.
- **Right of Rectification:** You can ask us to correct any information we hold that you think may be inaccurate, as well as to complete any information you think is incomplete.
- **Right to Erasure:** This is sometimes called the 'right to be forgotten' meaning that, in some cases, you can ask us to delete information we hold about you. The Right to Erasure is not absolute, this means it is not automatic, and in the majority of cases we may be unable to delete the information we hold. Where we cannot comply with your request, we will explain why.

- **Right to Restriction of Processing:** You may have the right to limit how we use your data and this could include stopping us from deleting it. You can generally do this if you are questioning the accuracy of the information we have or the way in which we are using it.
- **Right to Object to Processing:** You also have the Right to Object to how we process your information. This is similar to the Right of Restriction but means we have to stop using your information. If we are unable to comply with your request, it is our responsibility to prove why we should be able to continue to process your information. If you are objecting to your information being used for marketing purposes, we would have to stop using your information immediately.
- **Right to Data Portability:** You have a right to ask for us to transfer information you gave to us electronically and which is automatically processed, to another organisation. In reality, this right will rarely apply to information we deal with as a school.
- **Rights related to automated decision making:** Where information is used for the purposes of profiling or a decision is made solely by automated means with no human involvement, you have the right to object and ask for human intervention in any decision. The school does not have any automated decision-making function.

The availability of rights largely depends on the legal justification for processing (which are detailed in the below). The table below summarises when rights are available.

Legal Justification	Right to Object	Right to be forgotten (Erasure)	Right not to be subject to Automated Decision Making	Right to Data Portability
Consent	+ (but can withdraw consent)	✓	+ (but can withdraw consent)	✓
Contract	+	✓	+	✓
Legal Obligation	+	+	+	+
Vital Interest	+	✓	+	+
Public Task	+	+	+	+
Legitimate Interest	✓	✓	✓	+

You are not required to pay any charge for exercising your rights. If you make a request, we have one month to respond to you.
