

Governor Impact Statement

St Mary of the Angels Catholic Primary School

2023-2024

Governors' Whole School Aim

Governors at St Mary of the Angels Primary School believe in our school mission statement,

“Love Jesus, Love Learning, Love Life.”

Our mission is to nurture our children, through an excellent education and our core values reflecting our identity as a Catholic community, to reach their full God-given potential.

Governors' Role

The role of the Governing Body is an intrinsic part of the leadership of the school. In our strategic role, we monitor and support the school ensuring that:

- pupils enjoy school, feel valued and part of the school community
- ensure clarity of vision, ethos and strategic direction
- pupil attainment is monitored and maximised
- oversee and approve the school's budget
- **ensure systems are in place to support** the staff as needed
- approve policies and procedures
- work co-operatively with the Headteacher and senior management in writing of the School Development Plan

FULL GOVERNING BODY AND RESPONSIBILITIES.

There is a Clerk to Governors (Annette Jones) who minutes the meetings and offers advice and support. The **School Business** Manager (Amanda Beaumont) is an observer.

Governors attend two FGB meetings each term. There is also a Pay Committee and Performance Management Committee. Pay recommendations follow the CWAC Council Pay Policy.

Governors are linked to areas of the School Development Plan. Each governor is expected to conduct monitoring visits to review their area and produce governor visit reports identifying strengths and next steps. The Governors' Action Plan within the SDP shows how governors are going to monitor the quality of the school's self-evaluation (SEF) and implementation of the broader SDP.

The school budget is scrutinised and reviewed in detail at each FGM. **Through working closely with the School Business Manager, who voluntarily attends all meetings, and the Headteacher, the governors support the school and hold it accountable to ensure effective budgeting.**

Governors review and approve school policies annually and they are updated on the school website.

Governors challenge the Headteacher and Senior Leadership Team on Progress and Attainment data which is made available to governors through termly meetings with verbal and written presentations followed by question and answer sessions.

Governors review the annual safeguarding audit and monitor the actions identified in this as specified in the SDP. The Headteacher presents termly safeguarding reports. **There is a safeguarding governor and this governor monitors the work of the safeguarding team.**

Governors are responsible for ensuring the Data Protection policy is in place and is being followed and that the school has a Data Protection Officer. GDPR is a standing agenda item at all meetings.

Governors approve capital projects involving the allocation of Diocesan funds and DFE funds to improve school facilities.

Training

All members of the Governing Body have, and continue to have, suitable training. The impact of this is that governors are kept abreast of their **responsibilities** regarding the latest requirements and expectations. This year the following training has been undertaken:

KCSIE 2023

- Basic Safeguarding
- Level 3 Safeguarding
- Exclusion training
- Prevent training
- Diocesan annual and termly meetings.

We access CPD through Diocesan Governor training, Modern Governor and Edsential.

Statement from the Board

By carrying out our strategic monitoring role, the Board have continued to enable the Senior Leadership Team to focus on the day to day running of the school and fully supported its vision for the continuing improvement of St Mary of the Angels. The result is that there is a positive, supportive, respectful and faith-based ethos throughout the school community.

As a Board, we have continued to access training in many areas to enhance our experience, knowledge and skills and have recruited a new member to the Board who again brings valuable experience. A governor action plan for this year was to carry out a 360 degree self-evaluation process. This is now in place and is being led by a named governor. We have also reintroduced and relaunched the year group link governors and named governors who can provide direct links for key areas which are regularly monitored and challenged.

Much of our work is centered on the continued monitoring and challenging of the SDP. Mental Health and Wellbeing of all stakeholders continues to be a priority and as a Board we are pleased to see staff well being surveys continue be very positive and we are delighted to welcome Whispa the school dog to the team. SEND provision has also been a focus this year and there has been significant training in many areas and we are pleased to see the support offered to the wider school by both the SENDco and Learning mentor. It is also great that the school has been an ambassador for My Happy Mind, providing filmed evidence for the NHS assessment of the programme's impact.

Through working closely with the SBM and the Headteacher, we've monitored the school budget to ensure the school can meet the constant challenge of rising costs. Governors have ensured that best value has been applied and this has seen

new ipads and additional reading books across school. We have continued to approve Capital Projects and use Diocesan Building funds. We are excited for the erection of the new climbing equipment and the new accessibility gates in the summer holidays.

The strong and effective staffing structure in place has continued to drive the progress and attainment of our children and the Board continue to fully support the systems which hold teachers to account for the progress children make. The curriculum at SMOTA is designed to give all pupils the knowledge and cultural capital they need to succeed in life. There are residential visits, experiences off site and visitors to school. The school has achieved numerous national awards for curriculum delivery including Artsmark Silver, LOTC Silver and PE Gold.

This year Governors have continued to scrutinise the evidence of impact on the outcomes for Pupil Premium children- details of this can be found on the website. The Board also monitor the Sport Premium funding which aims to achieve improvement in all areas of P.E and provides the Forest School experience for all pupils. This year school has once again achieved **the Gold Sports Mark**. Details of the impact of Sports Premium spending can also be found on the website. The successful tree planting and the expansion and development of the Sensory Garden also highlights the provision of good LOTC learning opportunities for the children.

As a Board, we continue to review policies and procedures to ensure these are fit for purpose and not only meet our legal requirements but also our vision and aims for the school and our pupils.

We are grateful to all stakeholders for their continued support as we endeavour to provide the best educational and pastoral environment for them at St. Mary of the Angels.

Governor Action Plan 2024/2025

1. Continue 360 degree self-evaluation process.
2. Review and develop training matrix.
3. Continued challenge and monitoring of the SDP and SEF.
4. SEND provision.

5. Support Oracy provision.
